KEY FEATURES

Strong torque throughout the rpm range. 4-stroke 125cc engine offers quick starts, powerful acceleration and outstanding fuel economy.

Blaze your trail with light and tough wire-poke 21 inch large wheel and block pattern tyres. It provides excellent handling even on rough road.

Strong and sturdy standard equipped rear carrier to transport various items and boxes for delivery with ease.

The simple speedometer, trip meter and indicators ensure excellent visibility.

The comfortable seat reduces rider fatigue in travel for hours and its configuration allows ease of reach to the ground.

Drum brakes at the rear and the front for reliability and easy maintenance.

12 litre fuel tank coupled with economic motor means less fuel stops, longer distances.

The advanced Pro-link rear suspension lets you ride in superb comfort.

MAKE IT POSSIBLE Our aim is to get it right for you so that you can make it right for so many others. Your daily challenge is to deliver aid exactly where it is needed; our daily aim is to 'Make it Possible'.
